Art Unit: 1714

The amendment received March 24, 2004 has been made of record. Claims 1-34 are pending.

Claims 1-19 and 34 are rejected under 35 U.S.C. 102(e) as being anticipated by Schmidt.

This rejection is maintained for reasons of record.

Applicant has argued that Schmidt fails to disclose a hot melt that can be removed without residue at low peel angles. It is the position of the examiner that, since the compositions of Schmidt read on those of the rejected claims, the hot melts of Schmidt would inherently possess applicants' peel properties.

Applicant has argued that Schmidt fails to disclose using moisture adsorbents. The examiner cannot see where this is a required component of the instant claims.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
